SABBIA

DECORATIVE INTERIOR
WALL PAINT WITH
SANDBLASTED METALLIC EFFECT

Eco-Friendly Wall Paint. Inspired by Nordic Nature

Introducing SABBIA and ASTI FINE: premium, pre-mixed decorative paints designed to impart a sophisticated sandblasted metallic effect. These paints offer a textured finish with captivating reflective hues that dance with shifting light. With a subtle granular texture and the inclusion of lustrous pigments, they offer a delightful interplay of colors

FEATURES

The only distinction between SABBIA and ASTI FINE lies in the sand content, with ASTI FINE featuring a finer fraction. Both products are effortlessly applied with a brush in a single layer onto a primed wall. Ensure thorough coverage without leaving gaps. Then, after 10-15 minutes, artfully rearrange the sand to create your desired pattern.
